REASONS FOR ALLOWANCE

1. This Office Action is responsive to the Amendment filed on 6/13//05.
2. Claims 1-10, 13-15, 18-20, 23-27, 29-35, 38, 47, 50, 53, 54, 56 and 59 are allowed.
3. The following is an examiner's statement of reasons for allowance:

-Regarding to independent claims 1, 13, 18, 24, 38, 47, 50, 53, 56 and 59, none of prior art of record teaches or suggests an invention as claimed. Zong et al (5,970,104), previously cited, teaches the claimed invention except that he fails to teach, at least, the features of precomputing branch metrics using a received signal for speculative sequences of one or more channel symbols, storing said precomputed branch metrics in at least one pipeline register, and selecting one of said precomputed branch metrics from the at least one pipeline register, based on at least one survivor symbol from a corresponding state, with reasons set forth in REMARKS, on pages 14 and 15 of the Amendment filed on 6/13//05. It would not have been obvious for one skilled in the art to implement Zong et al in view of other prior art of record for leading such the implementation to the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
